DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1 and 2, drawn to an audio reproducing apparatus with first and second processing circuit and first and second processing means having a variable attenuating circuit for inputting left and right channel directional components.

Group II, claim(s) 3, drawn to an audio reproducing apparatus with first and second processing circuit and first and second processing means having a variable phase circuit for inputting left and right channel directional components.

Group III, claim(s) 4 and 5, drawn to an audio reproducing apparatus comprising first and second generating and processing means for generating audio signals corresponding to synchronous components of audio signals having a variable attenuating circuit.

Group IV, claim(s) 6-8, drawn to an audio reproducing apparatus comprising first and second generating and processing means for generating audio signals corresponding to synchronous components of audio signals having a variable phase circuit.

2. The inventions listed as Groups I-IV do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: The groups have different functions and produce different effects.

3. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the

Art Unit: 2644

application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
